In-network provider benefit

Patient receives care from an in-network provider or facility, which has an effective provider Plan contract with Samaritan Health Plans to provide services and supplies to the covered individuals.

Out-of-network provider benefit

Patient receives care from a provider that has no affiliation or contractual arrangement with the Plan. At the out-of-network benefit level, payment to providers is based on the Samaritan Health Plans fee allowance or the billed amount, whichever is less. The fee allowance is often lower than, or discounted from, the physician's usual charge.

Medical deductible and out-of-pocket maximums

Please refer to the additional information provided in your Member Certificate and your Summary of Benefits and Coverage for a further explanation of benefits including limitations and exclusions.

Your deductible

The deductible is the portion of covered benefit costs each member is obligated to pay before Samaritan Health Plans will provide benefits. The deductible amount for individuals and families is listed above. The deductible for the Samaritan Health & Wellbeing 3000/20 Plan is a combined deductible applicable to prescription drugs and all services except preventive services, medications, and services specifically identified to not apply to the preferred provider deductible.

The following services, but not limited to, do not apply to your in-network provider deductible costs:

- Women's preventive services
- Men's preventive services
- Routine physical examinations
- Colorectal cancer screenings and exams
- Immunizations
- PKU test
- Well-baby/well-child care
- Outpatient diabetic instruction and supplies
- Preventive medications
- Office visits and urgent care
- Pediatric vision
- Alternative care
- Wellness services

Your annual out-of-pocket limit

You are responsible for the co-insurance or co-payment amount for each covered medical service listed under the Plan Benefits section of your Member Certificate until your medical out-of-pocket covered expenses reach your maximum out-of-pocket cost amount. The maximum out-of-pocket medical amount accumulates based on your own covered expenses every calendar year. This plan has in-network, out-of-pocket limits to protect you from excessive medical expenses. The summary above shows your plan's annual out-of-pocket limit. If you incur covered expenses over that amount, this plan will pay 100% of eligible charges for the rest of the calendar year for those services which are applicable to the out-of-pocket limit. Out-of-network services do NOT have an out-of-pocket limit.

Expenses for the following DO NOT count toward your out-of-pocket maximum limit:

- Charges over usual, customary, and reasonable amounts
- Benefits paid in full
- Incurred charges that exceed amounts allowed under this plan
- Non-medically necessary services, such as excluded services or those deemed to be not medically necessary by the plan
- Non-covered services, including those where a third party is responsible (COB, settlements, motor vehicle claims)

Prescription out-of-pocket maximum

The Samaritan Health & Wellbeing 3000/20 has a combined pharmacy and medical out-of-pocket (OOP) maximum.
