Some Health Care Services Cannot Be Done Now

Some of the surgeries, tests and clinic visits you have at Samaritan Health Services clinics and hospitals are being cancelled. Visits that can wait will be done later.

Please call your provider if you have a surgery, a test or a health care appointment. Your appointment may have to be done at another time.

Why are we doing this? The governor of Oregon has given directions to stop close contact with other people. We are trying to keep you and your family safe. We also want to help save health care supplies. Our health care teams are ready to care for anyone who may get the coronavirus and need help right away.

Please talk to your provider if you have questions about when your surgery, test or clinic visit can be rescheduled.
