Continued Coverage for Disabled Dependents Policy

Updated April 4, 2016

An unmarried child reaching the limiting age may continue to be an eligible dependent while the child is and continues to be both incapable of self-sustaining employment by reason of a permanent developmental disability or physical or mental handicap and chiefly dependent upon the subscriber for support and maintenance.

The subscriber must provide proof of such child’s disability to Samaritan Health Plans either before loss of eligibility or within 60 days after the child would otherwise become ineligible for coverage under the terms of the contract. Proof of incapability shall be submitted to Samaritan Health Plans in the form of medical records that document history, diagnosis, prognosis, extent of disability, and permanency of disability. The Samaritan Health Plans Medical Director will review the documentation submitted and make a determination within 30 days of receipt.

Samaritan Health Plans may periodically require the subscriber to submit proof of the child’s continuing incapacity provided that such proof shall not be required more frequently than annually after the first two year period; following the date upon which the child would otherwise become ineligible for coverage; but for the child’s incapacity and dependency. In addition, a child of the subscriber will be eligible for coverage under the contract when required by a qualified medical child support order as defined in the Employment Retirement Income Security Act of 1974, as amended.
